## Deep Sea Electronics CT Price List of January 2013

### End of Stock, (Never to be Repeated Prices)

**Specification: Manufactured to IEC44-1, 50/60Hz 660V Class: 1.0**

#### Description

Both primary and secondaries are clearly marked. Secondary wire termination can either be 5mm Dia. ring or 6.35mm female disconnecter type lug. Secondary terminals are covered by a transparent plastic lid. Mounting is via four metal brackets which are inserted into the body of the CT. The CT can either be mounted with the secondary terminals facing up (as shown on the photo) or to the left/right. In the case of bus bar mounting, the primary hole is designed for a suitable copper section and a securing bar and screws are provided. The photo on the right shows a 200-5A, size AMC-30 unit.
